

**Second Annual
Forestry and
Fire Ecology
Academy**

New Mexico Highlands University

Las Vegas, NM

Webinar July 24

NMHU July 30—Aug .1

Middle and High School Teachers

Private-room lodging, most meals, guidebooks, activity kits
and off-site field experiences are all included in the training.

Fire is both a blessing and a curse in New Mexico. We will utilize a state-of-the-art Simtable and learn from experts in the field.

- ◆ NM forests and forestry practices.
- ◆ Fire ecology, regimes and management.
- ◆ The role of fire in our ecosystems.
- ◆ Hands-on activities with Project Learning Tree's *Focus on Forest* secondary module. Receive guidebook.
- ◆ Hands-on fire activities and take away classroom fire activity kits.
- ◆ Field trip to forested burn area.
